Friends of Cross Lutheran School,

Cross Lutheran is an **unbelievably wonderful** place for learning. Christian education at Cross Lutheran is an impressive presentation and opportunity. What an overwhelming, yet unbelievably fulfilling job description we have as Christian educators. Thank you to your family for joining us for the challenges and opportunities that abound.

The intent of this packet is to educate and inform you about the opportunities afforded to our school. As God wills it, a modular will be in place to be to begin the 2009-2010 school year. This modular building will be the home for 5th through 8th grades with a dedicated science/computer lab and a dedicated art/language lab. I encourage you to share the pamphlet with family, friends, and businesses that you believe would like to hear about and/or support the plans at Cross Lutheran School. This \$300,000 project could be viewed as yet another **unbelievable** challenge. Cross Lutheran's 2008-2009 School Year theme, based on John 14:12, is one that we can bank on, **His Passion in Action**, "Will do **Even GREATER Things**."

I look forward to the year(s) ahead as we watch God's guiding hand unfold His blessings and opportunities, in His time.

God bless you,

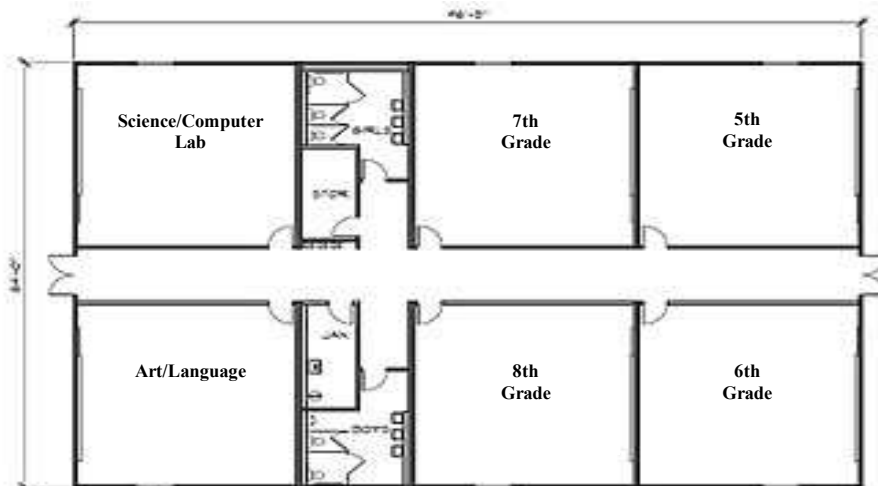

Kevin Dierks  
Principal
